### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of the claim is the specific structural limitation of a grounding leg in a ground clip ("at least one grounding leg extending from a first end thereof proximate a second end of said main portion to an opposed distal end thereof in said longitudinal direction...and said second filter housing member in a solderless manner", see claim 1, lines 25-31) in relation to the first and second housing members and the circuit board. This specific structural limitation is not shown or suggested by Zennamo, Jr, et al. (Patent No. 6,674,343). Claim 19, lines 35-41, claim 31, lines 27-33 and claim 41, lines 26-33) also recite similar limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
